## ■ 自己紹介

My area of special interest is Literature--especially poetry.

I tell students to do their best in my classes and I encourage them to use their imaginations.

I teach British and American literature: drama, short stories and poetry. In the Meikai graduate school I teach comparative literature. I also teach British and American history, research writing, and am the coordinator for Listening II classes.

Meikai is a wonderful opportunity to learn from some very fine teachers. Work hard in your classes and do your best--and don't forget to laugh, make friends and have fun too!
