Guidance on Course Registration

School of Hospitality & Tourism Management

SCHOOL OF
HOSPITALITY & TOURISM
MANAGEMENT

Introduction

Learning at a university differs from learning at a junior or senior high school. This is because students at a university are responsible for developing their learning plan for themselves in order to earn the credits required for graduation.

The information provided in this Guidance on Course Registration manual includes how to select and register courses, details of examinations and credits, and other important procedures and requirements to reach the next year level and to graduate, according to university rules and other relevant regulations.

Every year, some students fail to take courses they like or even fail to advance to the next level or graduate, due to not completing course registration procedures and/or meeting deadlines. These mistakes are caused by overlooking or misunderstanding the information provided in the Guidance on Course Registration and on notice boards. To avoid this, you should refer to this Guidance on Course Registration often to ensure that you follow the correct procedures in developing your learning plan. If you find anything unclear, contact the Academic Affairs Section for an explanation.

If any change to the Guidance on Course Registration should occur, it will be posted on notice boards, so please check them often.

MESSAGE FROM THE DEAN

Yoshihiro Miwa, Dean, School of Hospitality & Tourism Management

Welcome to the School of Hospitality and Tourism Management, MEIKAI University!!

We introduced the Major system and launched the Global Management Major (GMM) in 2017, and introduced the quarter system to accept more international students eager to study in this field. Based on the mission of MEIKAI University, we aim to foster each student's talent and ability and produce graduates who are well-educated, creative, rational and capable of being active in the international community. Our primary goal is that our graduates have the abilities described in our diploma policy;

1. Ability to become a leader in the domestic and / or global fields requiring advanced communication skills, with extensive knowledge of management.
2. Ability to learn and improve continuously in both Japanese and English (CEFR B2+) and to use those languages to communicate with people from around the world based on their own experiences of studying overseas.
3. Ability to lead the change of organizations or society by encouraging stakeholders through leadership based on hospitality.

In order to achieve the goals stated above, we have designed a strong curriculum and have invited experienced instructors in hospitality and tourism related fields. They are ready to assist you when you need advice and help you achieve your career dreams and goals.

Freshmen: You will create your own four-year academic schedule to enhance your knowledge and skills. Please make your study plans using this [Guidance on Course Registration](#), considering the essential capabilities required to realize your dream and selecting the courses that match those capabilities. In order to advance to sophomore status you will need to acquire some English credits. Please keep in mind that you may need to brush up on your English performance.

Sophomores: You will strategically reflect on your progress to date and, if necessary, revise your academic plan. You will also have the opportunity to study abroad and deepen your educational experience. Once again, in order to go on to the next academic year, you have to earn the credits as specified in our policy. Please refer to this [Guidance](#) carefully for the information needed.

Juniors: Based on your experience overseas, you are expected to focus your plans so that you can extend your skills and be ready to be a business person. You may register for more specialized subjects according to your own interests. Through management courses and case studies, we will provide you with the basic skills needed in each field.

Seniors: We expect you to create such an academic plan as you can enhance your knowledge and experience acquired so far. We hope you will keep studying together with job hunting and that your final year in this university will become more fulfilling.

Hospitality and tourism is one of the fastest growing and most dynamic industries in the world. So it expects a spontaneous person who meets the guests' various requests flexibly and rapidly. In other words, it needs a person with abundant hospitality mind. We hope you will thrive in the field as an excellent leader.

I am convinced that the experience you learned at GMM will be useful in the future.

Enjoy your study and academic life!!

Outline of the School of Hospitality & Tourism Management

Our contemporary society is considered the age of the service economy. The structural transformation of industry, technological innovation, and economic and social maturity ushered in this era. In Japan, hospitality industries, such as tourism, hotels, airlines, entertainment and restaurants, are expected to play a leading role because of their high economic ripple effects, job creation, and long-term growth prospects. As more emphasis is placed on “richness in mind” rather than “abundance of goods” in economic activities, companies are facing a historic shift in all of their activities. In response, they are seeking to hire hospitality-minded people who can provide high value-added services.

To meet such social needs, the School of Hospitality & Tourism Management provides practice-oriented education in cooperation with companies and local communities, as well as personal development education with a focus on hospitality, while promoting an interdisciplinary approach to the study of tourism and other hospitality businesses. We focus on developing competent professionals who can play an active role in a wide range of international settings.

Classes

1. Classes

[1] Semesters (Quarter System)

An academic year is composed of four terms based on the quarter system. Lectures are generally held in eight weeks per one term, 32 weeks in a year. Some lectures are, however, held in 16 weeks based on the semester system.

[2] Class period

Class periods are 90 minutes. In general, there are five class periods a day from Monday through Friday.

Intensive classes, special classes and guidance sessions on issues such as job searching may be held in the sixth period on Mondays through Fridays and the first and second periods on Saturdays.

Day of the week Period	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
1	9:00 – 10:30					
2	10:40 – 12:10					
3	13:00 – 14:30					
4	14:40 – 16:10					
5	16:20 – 17:50					
6	18:00 – 19:30					

Please refer to "Supplementary lectures" on Page 3.

[3] Class attendance

Students must attend all required classes.

As a general rule, a student whose attendance is less than four-fifths of all classes held is not eligible for taking regular examinations.

[4] Class absences

If you are or were absent from a class for an unavoidable reason, you must follow the following procedures:

Reason for the absence	Documents required		Submit to	Remarks
	Submission form	Attachment		
Death of father, mother, grandfather, grandmother, brother or sister	Class Absence Form (official form) *1	Funeral attendance thank-you letter, etc.	Academic Affairs Section	The following periods are not regarded as absence: Father/mother: Seven consecutive days plus the number of days required for a round trip to attend the funeral Grandfather/grandmother, brother, sister: Five consecutive days plus the number of days required for a round trip to attend the funeral
You have contracted an infection specified in Article 18 of the Ordinance for Enforcement of the School Health and Safety Act		Medical certificate that includes the name of the infection, the day of onset, and the period before recovery is complete		Generally Days certified*3
You have been summoned to jury duty and are required to go to a court		Certificate or other documents issued by the court		Days certified
You are a student athlete in a university athletic club or a member of a sports or cultural club in the Athletic Club Federation of the Students' Association, are allowed to use the special entrance examination system, and have participated in an official game or other event	Class Absence Notification Form (for athletic club activities, official form)*2		Student Support Services Section	Not regarded as absence
		Rules for absences for students who are members of a university's athletic club or other clubs due to participation in an official game or other events are specified in "Procedures regarding absences from classes of students of the Urayasu Campus due to participation in activities of a Meikai University athletic club." For details, please refer to the Campus Guide and contact the Student Support Services Section.		
Any other reason than above Examples: disease, injury, accident	Proof of reason for absence		Faculty member in charge of the class (Submission is not accepted by any of the university's offices.)	A decision is made by the faculty member in charge of the class. Students must confirm the final decision by themselves.

*1
The Class Absence Form (official form) is available at the Academic Affairs Section.

*2
The Class Absence Notification Form (for athletic club activities, official form) is available at the Student Support Services Section.

*3
The Health Administration Center will make a decision as to whether requests for class absences are accepted if the requests fall under the following.

① requests for class absences that last more than seven consecutive days

② requests falling under other infections in Type3

Note 1: When you are absent from a class, you should later ask the faculty member in charge to inform you about what was taught in class that day.

Note 2: When you are absent from a class, you may be given an assignment (such as a report) by the faculty member in charge, depending on the course.

Note 3: If you are absent from an examination given during an ordinary class, submit a document that proves the reason for the absence directly to the faculty member in charge of the class, not via the Academic Affairs Section, **by the last class day** and follow their instructions.

Note 4: If any attachments are required for submission, you must prepare the originals. If you need to have the original returned to you, you should ask the Academic Affairs Section to do so when you submit it.

Reference: Types of infections defined in Article 18 of the Ordinance for Enforcement of the School Health and Safety Act

Type	Name
Type 1	Ebola hemorrhagic fever, Crimean-Congo hemorrhagic fever, smallpox, American hemorrhagic fever, the plague, Marburg virus disease, Lassa fever, acute anterior poliomyelitis (polio), diphtheria, Middle East Respiratory Syndrome Coronavirus (MERS coronavirus), severe acute respiratory syndrome (SARS coronavirus), specific avian influenza, new-type influenza and other infections, designated infections, new infections
Type 2	Influenza (excluding specific avian influenza and new-type influenza), pertussis, measles, epidemic parotitis (mumps), rubella, varicella (chickenpox), pharyngoconjunctival fever, the new corona virus infection (COVID-19), tuberculosis, meningococcal meningitis
Type 3	Cholera, bacillary dysentery, Enterohemorrhagic Escherichia coli infection, typhoid, paratyphoid, epidemic keratoconjunctivitis, acute hemorrhagic conjunctivitis, other infections

[5] Class cancellation

Please refer to the User's Manual for the Web Portal System.

Please refer to "Communications to Students" on Page 32.

A class may be cancelled for an unavoidable reason. As a general rule, a class cancellation is notified on the Web Portal System and notice boards, which you should check before class.

If no notice on cancellation is made at all and the faculty member in charge does not arrive 30 minutes after the start of the class, ask the Academic Affairs Section for instructions.

[6] Supplementary lectures

Please refer to the User's Manual for the Web Portal System.

Please refer to "Communications to Students" on Page 32.

If classes are unavoidably cancelled, supplementary lectures are offered. Supplementary lectures may also be offered at the discretion of a faculty member depending on the progress level, or for other reasons. They are held on regular class period, summer, winter and spring vacations in addition to supplementary lecture period specified in the academic calendar. Detailed information, such as dates and periods, will be posted on the Web Portal System and notice boards.

2. Courses

[1] Duration of courses

There are three kinds of courses, according to their duration:

Quarter course (8 weeks)	Held either in ST1, ST2, FT1 or FT2. Academic assessment is made every quarter. Note1: Quarter courses are held twice a week and the examination is conducted in the last lecture (the second lecture in the eighth week.) Note2: The grades of quarter courses are announced on the day specified in Academic Calendar; Announcement of Spring / Fall Semester Grades.
Semester course (16 weeks)	Held either in the Spring or Fall Semester. Academic assessment is made every semester. Note: Semester courses are divided into two types: one meets once a week and the other twice a week.
Intensive course	This course is held intensively for a certain period of time and academic assessment is made at the end of the course.

[2] Course allocation

Please refer to the "Curriculum Table."

Students are required to take courses that are allocated to each class year so that they can learn systematically. They are allowed to take courses allocated to the class year in which they are in or below, but are not allowed to take those allocated to a higher year. The "Class Timetable" and the "Syllabus" contain the lowest year allocated to each course. Note: Courses under the same name may be allocated to different class years depending on enrollment years. Make sure to refer to the "Curriculum Table" before course registration.

[3] Types of courses

There are three types of course:

Type	Definition
Mandatory	Courses required for graduation
Mandatory elective	Courses, other than mandatory courses, that must be taken in specific fields or courses to earn a certain number of credits
Elective	Courses other than mandatory and mandatory elective courses

3. Credit System

[1] Credit system

Meikai University uses a credit system that requires students to take designated courses according to certain rules and pass regular examinations to earn a certain number of credits allocated to each course.

[2] Learning hours required to earn credits

The Standards for Establishment of Universities stipulate that “a class subject for one credit shall normally be organized to contain contents that require 45 hours of learning (including self-study hours), and the number of credits shall be calculated based on the following standards, in light of the educational effects of said class and required learning other than that during class hours, in accordance with class methods.”

At Meikai University, as a general rule, one credit for a lecture or seminar course consists of 15 hours of in-class time and 30 hours of out-of-class time; and one credit for an experiment, practical training, skills practice, or foreign language course consists of 30 hours of in-class time and 15 hours of out-of-class time, as shown below:

Lecture/Seminar		Experiment/Practical training/Skills practice/Foreign language	
In-class 15 hours	Out-of-class (for preparation and review) 30 hours	In-class 30 hours	Out-of-class (for preparation and review) 15 hours
45 hours/credit		45 hours/credit	

To earn credits, learning hours are required not only for in-class studies but also for students' voluntary learning before and after each class. You are encouraged to engage in voluntary learning in your own way.

For details on out-of-class (for preparation and review) activities and approximate learning hours, refer to syllabuses or other related documents.

[3] Credits for each course

At Meikai University, the types of classes, learning hours and the number of credits for semester and full-year courses are as follows:

Type	Semester or full-year	Learning hours	Credits
Lecture Seminar	Semester (Once/week)	[2 hours (in-class) + 4 hours (out-of-class)] × 15 weeks = 90 hours	2
	Semester (Twice/week)	[4 hours (in-class) + 8 hours (out-of-class)] × 15 weeks = 180 hours	4
	Full-year	[2 hours (in-class) + 4 hours (out-of-class)] × 30 weeks = 180 hours	4
Experiment Practical training Skills practice Foreign language	Semester (Once/week)	[2 hours (in-class) + 1 hour (out-of-class)] × 15 weeks = 45 hours	1
	Semester (Twice/week)	[4 hours (in-class) + 2 hours (out-of-class)] × 15 weeks = 90 hours	2
	Full-year	[2 hours (in-class) + 1 hour (out-of-class)] × 30 weeks = 90 hours	2

Note: One class period (90 minutes) is counted as two hours in this table.

[4] Award of credits

As a general rule, credits for a course are only awarded to students who have passed the examination for the course. Examinations are conducted in various forms, such as in writing, by submitting a report, thesis or work, and by assessing practical skills. For some courses, the pass/fail decision is made based on student's performance during classes instead of conducting an examination.

Credits are not awarded to a student if the number of days attended is lower than required or if the student withdraws from the course before completion.

Course Registration and Completion

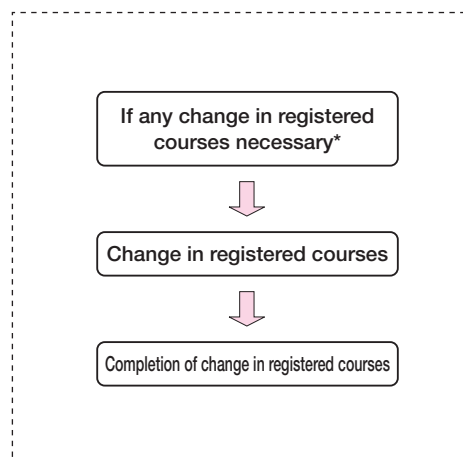

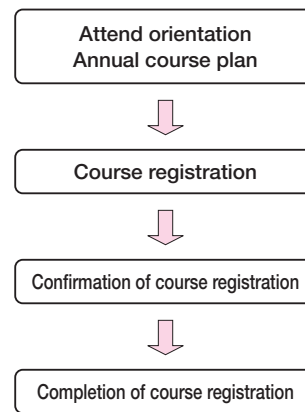

Students are required to register for and complete courses designated by each faculty and each department according to applicable regulations.

In registering for courses, you should create a study plan that takes into account the requirements for being promoted to the next level and graduation and also the following rules:

1. Rules for Course Registration

[1] Course registration

Students are required to develop an annual course plan at the beginning of each academic year, based on which of the necessary courses should be registered for according to the following procedures:

Note: Change in registered courses is only allowed for an unavoidable reason.

Course registration is one of the most important and essential procedures in your university life before you start learning in the next year.

Every year, however, there are some students who fail to earn credits or fail to advance to the next level for various reasons such as a simple mistake in course registration and a failure to complete course registration before the deadline.

To avoid this, carefully read the “Guidance on Course Registration” and complete your course registration properly.

[2] The maximum number of credits you are allowed to register for

Note: In registering for courses, it is desirable that you plan to take around 40 credits a year by taking into account the learning hours to earn credits.

As explained in the “Credit System” section, students are expected to complete their out-of-class learning hours. For this reason, there are the predetermined maximum numbers of credits as shown below so that students can complete their learning without difficulty.

AY 2025

Class year	Semester	Maximum number of credits	Remarks
Freshman } Senior	Spring Semester	24	Note: Credits assigned to the following classes are not included in calculating the maximum number of credits. 1. Intensive classes 2. Courses under the credit recognition system
	Fall Semester	24	

AY 2024 and Before

Class year	Semester	Maximum number of credits	Remarks
Freshman	1st semester	22	Note: Credits assigned to the following classes are not included in calculating the maximum number of credits. 1. Intensive classes 2. Courses under the credit recognition system
	2nd semester	22	
Sophomore	3rd semester	24	
	4th semester	24	
Junior	5th semester	26	
	6th semester	26	
Senior	7th semester	28	
	8th semester	28	

As shown in the table above, the maximum number of credits for the 3rd to 8th semesters is 24 to 28. These numbers were determined out of consideration for students who have failed to earn the required number of credits during the past academic years. Senior students failing to earn the number of credits required for graduation within these maximum numbers of credits will have to repeat the year. It is therefore important for students not only to attend required classes, but also to be well prepared for classes and to review them in order to earn the credits of all the registered courses.

[3] Course repetition

Students who fail to complete a course are required to repeat the same course in the following or later semester.

Courses that must be repeated	If a student fails to complete a course that is mandatory for promotion and graduation, the student must repeat it to earn the credits. If the student fails to complete a mandatory elective or elective course, it is possible to earn the necessary credits by completing another course in the same discipline.
Class allocation of a repeated course	If a class is allocated to a student who is repeating the class, they must take the one allocated. Information on class allocation will be posted on the notice boards besides large lecture rooms 2101 and 2103. If a class is not allocated, someone repeating a class can take any class. However, the number of students admitted to some classes is limited. Before registration, the person repeating the class must receive approval from the faculty member in charge of the class. If the registration is made without the faculty member's approval, you may not be accepted.
Priority registration of repeated courses	If a repeated course and a course allocated to the current year of the person repeating are in the same time slot, the person repeating the class must take the repeated one from the lower year.

[4] Courses that are not allowed to be taken

Courses in the curriculum for an academic year other than your year of enrollment	As a result of the revision to the curriculum, courses offered and requirements for graduation differ depending on the year a student is enrolled. You should carefully check the Curriculum Table for the academic year of your enrollment so as not to mistakenly register for a course in a curriculum for an academic year other than your year of enrollment.
Courses of faculties and departments other than yours	You are not allowed to register for a course in other faculties or departments, other than those open to all students.
Courses for which you have already earned credits	You are not allowed to register for a course for which you have already earned credits.
Courses under the same title	You are not allowed to register for two or more courses under the same name even if the faculty member in charge and/or the period differs.

2. Course Registration Procedures

Courses should be registered on the Web Portal System. For information to help you register correctly, refer to the User's Manual for the Web Portal System.

For students enrolled in spring

(Spring Semester)

1 Orientation, distribution of materials, creation of a personal class timetable

March 25 (Tue.) – April 2 (Wed.)

Important points

- (Sophomore – Senior) Check courses for which you have already earned credits and those you have not in the Curriculum Table, based on your grade transcript of the previous academic year.
- (Sophomore – Senior) If you have mandatory courses that you must repeat, check whether or not you are allocated to a class on notice boards or other information notices.
- (Freshman – Senior) Select courses, taking into account the following requirements and limitations, and create your personal class timetable by April 2 (Wed.). Then, print and complete the form for the "Class Timetable (copy)" at the end of this Guidance manual.
 - Requirements for promotion: See Page 41.
 - Requirements for graduation: See Page 42.
 - The maximum number of credits you are allowed to register for: See Page 6.
 - Courses that are not allowed to be taken: See Page 7.

2 Consultation period regarding course registration

March 27 (Thu.) – April 2 (Wed.)
Time and Place: 9:00 a.m. – 5:00 p.m.
Academic Affairs Section

Important points

- (Freshman – Junior) Before receiving consultation, carefully read again the Guidance on Course Registration as well as information on notice boards to clarify your questions.

3 Course registration period (Web Portal System "Course Registration")

March 27 (Thu.) 9:00 a.m. – April 2 (Wed.) 11:59 p.m.

Important points

- (Freshman – Senior) Registration courses for the academic year (full-year, Spring Semester, Fall Semester)
Carefully read information on how to register for courses in the User's Manual for the Web Portal System.
You can register and unregister as many times as you want during the course registration period.
The system can be accessed from both inside and outside of the university.
- (Freshman – Sophomore) Check the day of the week, time slot, class and other information on your mandatory courses that are already registered for you.
Mandatory courses not already registered for you must be registered by yourself.
- (Freshman and Sophomore) After checking if you meet the requirements for advancing to the next year, change the courses you have registered already, if necessary.
- (Senior) Check whether your course registration will meet the requirements for graduation. If not, revise the course registration.
- (Freshman – Senior) After having registered courses for the full year, Spring Semester and Fall Semester, print your personal class timetable to check that there are no mistakes and keep it with you.

4 Completion of course registration and confirmation of registered courses (Web Portal System "Timetable Confirmation")
Start using the "manaba" system

April 3 (Thu.) 5:00 p.m. or later

5 Start of the Spring Semester

April 5 (Sat.)

Important points

- (Freshman – Senior) You must attend the first class. (There may be some courses in which the students who will be allowed to take them will be selected.)
- (Freshman – Senior) If you need to undergo the following procedures, you must complete them by deadlines designated according to the Guidance on Course Registration as well as information on notice boards:
 - (Freshman) Application for a Certificate of Credits you have already earned: See Page 16.
 - (Freshman) Application for credits of the results of knowledge and competency assessments before entering the university: See Page 18.

(If you need to make any changes to your registered courses for an unavoidable reason)

6 Correction Period for Registration (Web Portal System "Course Registration")

April 11 (Fri.) 9:00 a.m. – April 17 (Thu.) 11:59 p.m.

Note: Change to registered courses should also be made during "Course Registration" according to the same procedures as those for course registration.

7 Confirmation of change made to registered courses (Web Portal System "Timetable Confirmation")
Reflecting changed courses in the "manaba" system

April 18 (Fri.) 1:00 p.m. or later

(Fall Semester)

Correction Period for Registration (Web Portal System "Course Registration")

Before course commencement
September 5 (Fri.) 9:00 a.m. – September 10 (Wed.) 11:59 p.m.
After course commencement
September 19 (Fri.) 9:00 a.m. – September 25 (Thu.) 11:59 p.m.

Completion of course registration and confirmation of registered courses
Reflecting changed courses on the Web Portal System "Timetable Confirmation" and in the "manaba" system

Before course commencement
September 11 (Thu.) 5:00 p.m. or later
After course commencement
September 26 (Fri.) 1:00 p.m. or later

Be sure to register for courses for the year (Spring semester and Fall semester) during the course registration period in April.

If you have no courses to register for the year, receive an official form at the Academic Affairs Section and report this information during the course registration period. (You cannot use the Web Portal System for this reporting.)

For students enrolled in fall

(Fall Semester)

1 Orientation, distribution of materials, creation of a personal class timetable

September 8 (Mon.) – September 10 (Wed.)

Important points

- (Freshman) Select courses, taking into account the following requirements and limitations, and create your personal class timetable by September 10 (Wed.) and complete the form for the "Class Timetable (copy)" at the end of this Guidance manual.
 - Requirements for promotion: See Page 41.
 - Requirements for graduation: See Page 42.
 - The maximum number of credits you are allowed to register for: See Page 6.
 - Courses that are not allowed to be taken: See Page 7.

2 Consultation period regarding course registration

September 8 (Mon.) – September 10 (Wed.)
Time and Place: 9:00 a.m. – 5:00 p.m.
Academic Affairs Section

Important points

- (Freshman) Before receiving consultation, carefully read again the Guidance on Course Registration as well as information on notice boards to clarify your questions.

3 Course registration period (Web Portal System "Course Registration")

September 8 (Mon.) 9:00 a.m. – September 10 (Wed.) 11:59 p.m.

Important points

- (Freshman) Registration Courses for the Fall Semester.
Carefully read information on how to register for courses in the User's Manual for the Web Portal System.
You can register and unregister as many times as you want during the course registration period.
The system can be accessed from both inside and outside of the university.
- (Freshman) Check the day of the week, time slot, class and other information on your mandatory courses that are already registered for you.
Mandatory courses not already registered for you must be registered by yourself.
- (Freshman) After having registered courses for Fall Semester, print your personal class timetable to check that there are no mistakes and keep it with you.

Examinations and Results

1. Examinations

To earn the credits for registered courses, you must take examinations.

Examinations for the quarter courses are conducted in the last lecture (the second lecture in the eighth week)

Examinations for the semester courses are conducted in the 16th week.

For the details, ask the instructor in charge.

Note: You must ask the faculty member in charge of each course, not the Academic Affairs Section, about how to submit a report, thesis or work.

2. Academic Achievements

[1] Academic assessments and grading

Academic achievements are assessed and graded as follows:

Judgment	Pass				Fail		Credit recognition	Credit recognition upon transfer
Points	100 – 90	89 – 80	79 – 70	69 – 60	59 – 0	Not assessable		
Grades used on transcripts	S	A	B	C	D	*	N	H
Grades used on academic achievement certificates	A		B	C	Not shown		N	H
Standard distribution of grades	About 10%	About 20%	–	–	≤ 20%	–	–	–

- “Not assessable” means that the student’s academic achievement cannot be assessed because of poor attendance throughout the period of regularly scheduled classes, failure to take an examination or submit a report, or other reasons.
- “N” (credit recognition) is used for a course recognized under the credit recognition system.
- “H” (credit recognition upon transfer) is used for a course recognized comprehensively and flexibly when a transfer student to 3rd year is enrolled.
- The standard distribution of grades shows the standard distribution of Grades S, A and D. For the assessment method of each course and other related information, refer to the syllabus.

[2] GPA (Grade Point Average system)

Meikai University uses a GPA (Grade Point Average) system to assess academic achievements and credits earned in order to clearly understand the progress of completion of courses and learning in a given period of time.

The GPA is calculated as follows: The grade points (GP) assigned to each grade are multiplied by the number of credits, and the total of the grade points thus obtained are then divided by the total earned credits. You should therefore make sure to earn credits for all the registered courses without stopping before reaching completion.

The GPA is used in selecting applicants for a scholarship and recipients for the Miyata Award (award for students with outstanding academic achievement), as well as selecting students to be sent abroad and those allowed to take a course that only accepts a limited number of students.

How to calculate GPA

The specific GPA calculation method is as follows:

Judgment	Pass				Fail		Credit recognition	Credit recognition upon transfer
Grade	S	A	B	C	D	*	N	H
Grade points (GP)	4	3	2	1	0	0	Not included	Not included

1) How to calculate GPA

Note: The total number of earned credits does not include the number of credits for courses recognized as N or H.

$$\text{GPA} = \frac{\text{The total of (credits} \times \text{grade points)}}{\text{the total number of credits}^*}$$

[Example of GPA calculation]

Course name	Number of credits	Grade	Number of credits × GPs
Japanese History	2	B	2×2=4
The Constitution of Japan	2	D	2×0=0
Practical English I-a	1	S	1×4=4
Japanese Culture	2	*	2×0=0
Introduction to Hospitality	2	A	2×3=6
Introduction to Management	2	C	2×1=2
Total	11		16

$$\text{GPA} = \frac{16}{11} = 1.45 \quad \text{Rounded off to two decimal places}$$

2) Overall assessment

The overall assessment is made as follows based on the GPA calculated using the method described above:

GPA	Overall assessment
3.50 — 4.00	Outstanding
3.00 — 3.49	Excellent
2.00 — 2.99	Satisfactory
1.00 — 1.99	Needs effort
0 — 0.99	Needs further effort

Note: The overall assessment is made based on the academic achievement for the entire course and not based on the level of fulfillment of requirements for being promoted to the next level and graduation.

[3] Announcement of academic results

Academic results are announced as follows:

Academic results announcement schedule

Category	Applicable class year, etc.	Announcement dates	
Courses completed in the Spring Semester	Freshmen (First semester) to Senior (8th semester)	Student	September 4 (Thu.)
		Guarantor	Early September
Courses completed in the Fall Semester	Freshmen (1st semester) to Senior (7th semester)	Student	March 12 (Thu.)
		Guarantor	Mid-March
	Senior (8th semester)	Student	February 26 (Thu.)
		Guarantor	Late February

Note: If there is any change in your address and/or personal information, immediately make the change on the Web Portal System.

Please refer to the User's Manual for the Web Portal System.

Where to find

Student	At the Web Portal System "Academic Results"
Guarantor	The student's transcript is sent by postal mail. (Excluding the guarantor of a student who pays their tuition and fees on their own.)

[4] Appeal against grades

If you have a question about your grade and file an appeal with the faculty member in charge of the course, follow the necessary procedures within the designated period. No appeal will be accepted after the designated period.

Category	Applicable class year, etc.	Grade appeal procedure period	Documents required	Submitted to	Appeal result notification
Courses completed in the Spring Semester	Freshmen (1st semester) to Senior (7th semester)	September 4 (Thu.) -9 (Tue.)	Grade Appeal Form (official form)*	Academic Affairs Section	Academic Affairs Section
	Students eligible for September graduation (Senior 8th semester)	September 4 (Thu.) •5 (Fri.)			
Courses completed in the Fall Semester	Freshmen (1st semester) to Senior (7th semester)	March 16 (Mon.) -19 (Thu.)			The student who filed an appeal must show up in person at the Academic Affairs Section to check the result, when they are notified on the Web Portal system or a notice board.
	Senior (8th semester)	February 26 (Thu.) •27 (Fri.)			

Note: Receive the Grade Appeal Form (official form) at the Academic Affairs Section within the designated period.

Note 1: Provide the specific reason for appealing against your grade on the Grade Appeal Form.

Note 2: The Grade Appeal Form must be used to reconfirm your grade only when you don't agree with the grade. The form should not be used to ask for a change to your grade or ask for the specific details of the assessment, grade points or other relevant issues.

Note 3: The grade appeal procedure period for Senior (8th semester) students in the Spring Semester is September 4 (Thu.) •5 (Fri.) . Students can not go through the procedure other than this period.

Credit Recognition System

1. Credit Recognition System

Meikai University uses a credit recognition system to recognize learning at another university or institution and results of knowledge and competency assessments.

Types of learning	Outline	Period of learning		The maximum number of credits recognized	
		Before enrollment	After enrollment		
Recognition of credits earned before enrollment	[1] Credits already earned → Page 16 Recognition of credits earned at another university or a junior college before enrollment at Meikai University (including credits earned at another university or junior college in a foreign country or credits earned by credited and special auditors)	○	—	30	60 credits in total
Learning at educational facilities other than universities	[2] Results of knowledge and competency assessments → Page 18 Award of credits for results of knowledge and competency assessments made before enrolling at Meikai University (example: acquisition of a qualification)	○	○	18	
Learning in courses at another university or learning institute	[3] Students sent abroad by Meikai University (study abroad program for about one year) → Page 20 Recognition of credits earned by a student by completing a designated credit exchangeable course at a foreign partner university during their stay for about one year	—	○	40	
	[4] Students sent to partner universities in Japan (total of 34 in Chiba) → Page 21 Recognition of credits earned at any of the 25 private universities and 8 junior colleges in Chiba Prefecture and the Open University of Japan with which Meikai University has a comprehensive credit transfer agreement	—	○	8	
Others	[5] Internship → Page 22 Award of credits for results of internship experience, such as practical and professional training provided by companies	—	○	44	
	[6] Volunteer activities → Page 22 Award of credits for results of social contribution activities	—	○	4	
	[7] Hospitality volunteer activities → Page 23 Award of credits for results of volunteer activities organized by the School of Hospitality & Tourism Management	—	○	4	

2. Details and How to Apply for Each System

This section provides details and how to apply for each system described in the previous page and other relevant information.

[1] Credits already earned

Courses for which you can apply for recognition of credits and the number of credits

Course segments, etc.		Number of credits to be recognized (upper limit)	Remarks	
Courses common to all students	Basic Education	Basics Studies III-a	2	The total number of credits that are assigned to each course must not exceed 30.

Application period	For students enrolled in spring	For students enrolled in fall
	March 28 (Fri.) – April 5 (Sat.)	September 8 (Mon.) – 10 (Wed.)
Announcement of recognition	April 11 (Fri.)	September 18 (Thu.)
	The Credit Recognition Notification Form is issued to the applicant in person at the Academic Affairs Section.	

Note 1: If documents 2) and/or 3) above are written in a language other than Japanese or English, you must attach a copy translated either in Japanese or English.

Note 2: If you file an application for the recognition of credits earned at a university or junior college in a foreign country and cannot obtain either a. or b. of the document 3) above, contact the Academic Affairs Section in advance to seek advice.

Important points regarding an application for credit recognition

The following are standard requirements that need to be met in order for an application to be approved:

- 1) The number of credits assigned to the course or the total (actual) hours of classes of the course at your previous school must be the same or more than the course at Meikai University to which you wish to transfer the credits you have already earned.

Note: A university or other educational facility in a foreign country where you completed the course for which you will file an application for credit recognition might not utilize an academic credit system or may use a different credit conversion standard. Use the form designated by Meikai University to declare the total hours of classes and other information. (If the Academic Achievement Certificate or other documents do not include the total hours of classes, contact your previous school to obtain the information for your application.)

- 2) The contents of the course at your previous school described in the syllabus must correspond to those of the course of Meikai University to which you want to transfer the credits you have already earned.

—Example of an application for credit recognition—

	Course provided at another university or learning institute	Comparison of the number of credits (hours)	Course provided at Meikai University	Remarks
○ Allowed to file an application	Japanese History ----- (2 credits, 30 hours)	\geq	Japanese History ----- (2 credits, 30 hours)	
✕ Not allowed to file an application	The Constitution of Japan ----- (1 credit, 15 hours)	$<$	The Constitution of Japan ----- (2 credits, 30 hours)	A transfer cannot be approved because, while the contents are the same, the number of credits (hours) differs.

Application for recognition of credits earned and course registration

The procedures for an application for recognition of credits already earned and course registration are as follows:

In making your annual course plan, you should not register courses for which you apply for credit recognition on the assumption that credits for all the courses will be recognized.

The correction period for registration is set some weeks after the start of classes. For this reason, you should carefully select courses for which you apply for credit recognition so as not to interfere with your learning.

Note: If there are courses for which credits have not been recognized, you should review your annual course plan and, if you need to make a change to your registered courses, complete the necessary procedures to do so during the correction period for registration.

Change in service hours, including the closure of the office due to an entrance examination, University event, or other reason, will be posted on notice boards and the Urayasu campus website.

3. Inquiries

- (1) Inquiries by phone regarding event schedules, class cancellations, and other information on classes, examinations, academic results and other relevant issues will not be accepted.
- (2) Inquiries on personal information about faculty members (address, telephone number, email address, etc.) will not be accepted.

4. Communications to Students

Meikai University sends official communications to students, such as notifications, announcements, information on various kinds of procedures, by posting them on the Web Portal System and notice boards. If you fail to complete procedures before the deadline, you cannot avoid your responsibility by saying that you did not check the Web Portal System and notice boards. Make sure to check the Web Portal System every day and check a notice board when you arrive at and before leaving the campus.

The web portal system can be used on computers, smartphones, etc.

[1] Information distribution via the Web Portal System

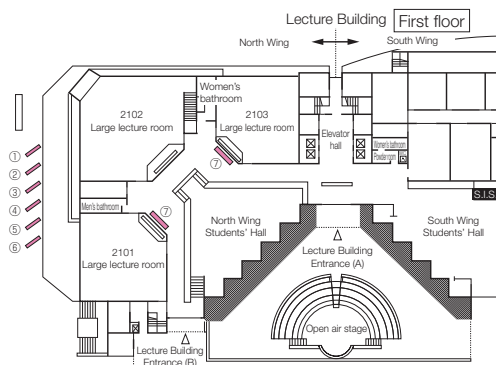

Please refer to the User's Manual for the Web Portal System.

Official communications from the university, such as emergency communications and information on class cancellations, supplementary classes, change to classrooms and summons to students, are distributed through the Web Portal System. Make sure to check the Web Portal System often.

You must register your email address for PC, smartphone, cellphone or other electronic devices in order to receive information electronically distributed by the university.

[2] Location of notice boards and information posted

The following is general information on the location of notice boards and information posted on them:

NO.	Notice boards	Information posted

7. manaba

We have introduced “manaba” as a learning management system (LMS).

“manaba” is a cloud-based learning support system that allows you to distribute lecture materials, submit reports, quizzes, group work, etc. using the Internet.

For details, please check the “manaba” user manual.

8. Learning Portfolio

We have introduced the Learning Portfolio (START) as a system that displays each student's learning outcomes at the university in an easy-to-understand and visible way.

With START, you can check the areas you have focused on learning and the skills you have developed using radar charts, etc., which can help you improve your studies. In addition, you can accumulate various activities from admission to graduation as a portfolio (activity record) and reflect on your studies.

For details on how to use "START", please check the user manual.

9. Class Cancellation Due to Suspension of Transportation or Natural Disasters

[1] Suspension of transportation

In the case of the suspension of the Keiyo Line (Tokyo-Soga) (not including temporary suspensions), classes are canceled. However, when operation is resumed, the rules are as follows:

- (1) The operation is resumed by 6:30 a.m. ⇒ Classes start at 1st period.
- (2) The operation is resumed by 10:30 a.m. ⇒ Classes start at 3rd period.
- (3) The operation is suspended past 10:30 a.m. ⇒ All classes on that day are canceled.

[2] Issuance of a storm warning or a blizzard warning

When a storm warning or a blizzard warning is issued in all areas of Chiba Prefecture or the north-west area of Chiba Prefecture, classes are canceled. However, when the warning is lifted, the rules are as follows:

- (1) The warning is lifted by 6:30 a.m. ⇒ Classes start at 1st period.
- (2) The warning is lifted by 10:30 a.m. ⇒ Classes start at 3rd period.
- (3) The warning is in place past 10:30 a.m. ⇒ All classes on that day are canceled.

[3] President's decision (natural disasters or large-scale accidents, and so on)

Regardless of the rules stated above, in the case of an emergency, the president can declare class cancellation.

[4] Notes

- (1) When there is high probability of problems due to the suspension of transportation or natural disasters, the above notices could be announced the day before.
- (2) The information is put on the Urayasu campus website, the Web Portal System and the notice board.
- (3) The rules stated above are also applied to the regular, makeup and supplementary examination periods.

Structure of Curriculum

1. Structure of Courses

Courses at Meikai University roughly fall into two categories: courses common to all students and specialized courses. The former consists of Basic Education [Special Courses], Personality Development Education and Career Development Education. The latter is designed in such a way as to help students learn highly specialized knowledge and skills based on course registration models according to individuals' goals, in a systematic and well-planned manner, in line with certain rules and the selection made by each student.

Learning themes allocated to each year and courses allocated to each course category are roughly as follows:

Objectives for each course category are as follows:

Courses common to all students		Courses for all faculties and departments
Basic Education	Basics Studies I	<p><Study Promotion> This is a class to learn about yourself and your abilities, learn about the university where you are studying, and set goals for how to develop yourself in four years. You will do small group works in a class of around 30-40 students, explore your own dreams, meet people on the Urayasu campus, and create a road map to realize your dreams.</p>
	Basics Studies II	<p><Communication skills> Being able to communicate means being able to accurately understand what others are telling and to accurately express and tell your own opinions. This course aims to improve communication skills by using teaching materials created by our faculty members.</p>
	Basics Studies III-a	<p><Data Literacy / Mathematics・Inference> The aim is to acquire the basics of logical thinking (inference) that enhances your creativity and rationality based on the ability to seek the best solution for an unanswered task. In the modern society where data science is important, we will provide training to read data correctly and make decisions based on logical reasoning.</p>
	Basics Studies III-b (Information Literacy)	<p><Information literacy> Toward Society 5.0, where the use of big data by AI is increasing, as a gateway to data science, you will learn information literacy, in other words, the basics of information and communication technology (ICT) for handling data. The aim is to acquire analytical skills such as how to read data, and to understand the current state of informationization and information ethics in modern society.</p>
Personality Development Education	Personality Development	<p>The course is designed to help students develop the ability to create a learning plan in a wide range of disciplines in such a way as to identify issues that need to be addressed in various actual social settings and resolve them — or in other words, to develop well educated, creative and rational individuals emphasized in Meikai University's mission statement.</p>
	International Understanding	
	Social Life	
Career Development Education	Career Planning I	<p>Courses are designed to help students who are considering working after graduation to set goals for their university life and acquire basic general skills important in actual work settings.</p>
	Career Planning II	
	Career Planning III	
	Career Designing	
	Courses under the Credit Recognition System	<p>Students will acquire a wide range of knowledge and skills to achieve their future goals through learning in career development-related courses in a faculty or a department other than theirs, learning in educational and other programs offered in cooperation with companies, earning qualifications, and experiencing an internship program.</p>
	Courses open to all faculties and departments	
	Cooperative Academic-Industrial Programs	
Specialized courses	Specialized education for different objectives with a focus on practical learning	
Specialized Education	Students will acquire advanced knowledge and skills in a specialized area in a systematic manner.	

2. Specialized Courses

As a general rule, students of the School of Hospitality & Tourism Management are required to take mandatory and other courses listed below according to their assigned year. It is important to take these courses according to an organized learning plan because there are mandatory courses for freshmen to be promoted to sophomores and sophomores to juniors.

4. Class Teacher System

The School of Hospitality & Tourism Management adopts a system where all classes are small and each has a class teacher. This class teacher system is designed to support individual students to live a healthy, fulfilling life at the university.

Faculty members in charge of Pre-seminars and Seminars that are mandatory for students in each year are assigned to serve as class teachers. Class teachers support students in their class throughout the four years at Meikai University through specifically-focused education and instructions in 1) community formation, 2) learning support and 3) job search activities.

Class year	Courses	Class teacher
1	Pre seminar I-a and I-b	Will be announced on March 28 (Fri.).
2	Pre seminar II-a and II-b	Will be announced on March 27 (Thu.).
3	Seminar I-a and I-b	Will be announced.
4	Seminar II-a and II-b	Will be announced.

5. Changing Major

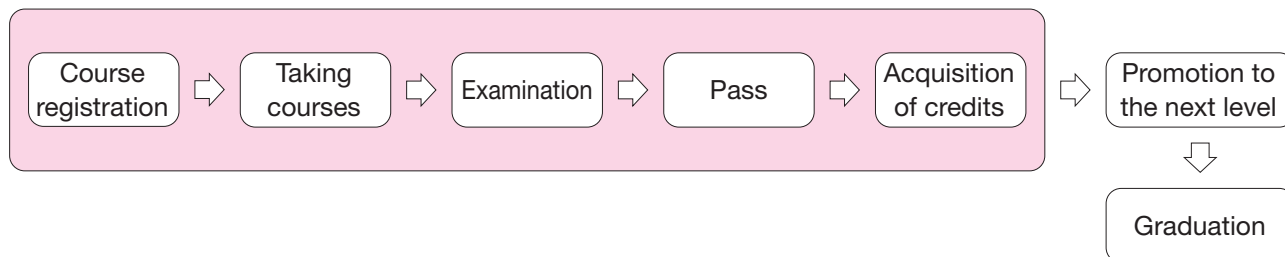

Students considering a change in their major should consult with a faculty member of the School of Hospitality & Tourism Management.

9

Promotion and Graduation

Students are required to complete courses designated by each faculty and department according to specific rules and meet the requirements for promotion to the next level and graduation in order to graduate.

While studying at Meikai University, you should keep these requirements in mind and select courses so that you can learn comfortably and efficiently to earn the required credits.

1. Promotion to the Next Level

[1] Requirements for promotion

The following requirements must be met by students in order to be promoted from freshman to sophomore and from sophomore to junior. Those who fail to meet these requirements are not allowed to advance to the next level, sophomore (3rd semester) or junior (5th semester).

3. Standard Number of Credits Required for Each Class Year (Semester)

This section provides the standard number of credits that should be earned by the end of each class year in order to meet the minimum number of credits required for a student to graduate in four years (eight semesters). Refer to these numbers when you make your learning plan for four years (eight semesters). If you fail to meet the standard number of credits for each class year to a significant extent, you should consult with an academic advisor or the Student Affairs Department (Education Affairs Section) at the earliest possible time.

Note that the standard number of credits required for each class year (semester) shown here is the recommended minimum number and will not guarantee your promotion and graduation.

How to understand the standard number of credits required for each class year (semester)

Identify the standard number of credits required for the class year (semester) of your enrollment.

The minimum numbers of credits required for graduation are shown according to course segments.

	Courses common to all students							Specialized courses				Sum total	Subtotal	
	Basic Education	Personality Development Education			Career Development Education	Personality Development Education/Career Development Education		Mandatory	Mandatory elective	Elective	Total		Semester	Full year
		Human Quality Development	International Understanding	Social Life		Total	Total							
Number of credits required for graduation	8	4	4	4	6	6	32	72	20		92	124		
Freshmen (1st semester)	4	(2-) [†]					6	9	1		10	16	16	36
Freshmen (2nd semester)	8	(4-) [†]			2		14	20	2		22	36	20	

The rough **total number** of credits that is desirable for a student to earn for each class year (semester) is shown.
 Note: The number of earned credits is the number of credits received for a course which a student earns a pass (S through C) or recognized (N) result in their academic assessment.

Important Point

Earned credits are appropriated to each semester. Those for a full-year course are appropriated annually.

Examples:

		Course for the First Semester (2 credits)	Course for the Second Semester (2 credits)	Full-year course (4 credits)
Earned credits	First Semester	2	—	0
	Second Semester	—	2	4

	Courses common to all students*							Specialized courses				Sum total	Subtotal	
	Basic Education	Personality Development Education			Career Development Education	Personality Development Education/Career Development Education	Total	Mandatory	Mandatory elective	Elective	Total			
		Human Quality Development	International Understanding	Social Life										
	Mandatory	Mandatory elective			Mandatory	Elective							Semester	Full year
Number of credits required for graduation	8	4	4	4	6	6	32	72	20		92	124		
Freshmen (1st semester)	4	(2-) [†]					6	9	1		10	16	16	36
Freshmen (2nd semester)	8	(4-) [†]			2		14	20	2		22	36	20	

The standard total number of credits a student should have earned by the end of the freshman year is normally 36.

<Important Points>

- 1) Mandatory courses (Basic Education, Career Development Education, specialized courses) for freshmen must be completed.
* All or part of the credits required can be replaced with those from specialized courses only when the university deems it necessary.
- 2) With regard to mandatory elective courses (those marked [†]), it is desirable for students to avoid exceeding the maximum number of credits in reference to the number of credits in brackets in the table above according to their personal study plan.

Sophomores (3rd semester)	8	(8-) [†]			4		20	29	5		34	54	18	38
Sophomores (4th semester)	8	4	4	4	6	2	28	38	8		46	74	20	

The standard total number of credits a student should have earned by the end of the sophomore year is normally 74.

<Important Points>

- 1) Mandatory courses (Basic Education, Career Development Education, specialized courses) for freshmen and sophomores must be completed.
- 2) With regard to mandatory elective courses (those marked [†]), it is desirable for students to avoid exceeding the maximum number of credits in reference to the number of credits in brackets in the table above according to their personal study plan.

Juniors (5th semester)	8	4	4	4	6	4	30	48	14		62	92	18	36
Juniors (6th semester)	8	4	4	4	6	6	32	60	18		78	110	18	

The standard total number of credits a student should have earned by the end of the junior year is normally 110.

Seniors (7th semester)	8	4	4	4	6	6	32	66	18		84	116	6	14
Seniors (8th semester)	8	4	4	4	6	6	32	72	20		92	124	8

Courses Open to All Faculties and Departments Cooperative Academic-Industrial Programs

Registration of Courses Open to All Faculties and Departments

There are courses open to students in different faculties and departments with the aim of allowing them to acquire a wider range of knowledge through learning subjects that meet their learning goals and satisfy their interests in interdisciplinary fields.

1 Registration

Select a course you want to take from a list of courses open to all students and, after receiving approval from the faculty member in charge of the course, register for the course.

Important points regarding registration

- 1) There are some courses that you cannot take unless you meet certain conditions, which you can ask the faculty member in charge about or can find in the “Requirements for Course Registration” section of the syllabus. You can find the syllabuses of courses for a faculty other than yours on the website of Urayasu Campus.
- 2) Before registration, you must receive approval from the faculty member in charge of the course. If you register for a course without their approval, your credits may not be approved.
- 3) You are allowed to take a course for a year lower than yours but not one for a year higher than yours.
- 4) The course segment to which credits are added as those required for graduation differs in different faculties, departments, majors and courses. For details, please refer to the Curriculum Table or other relevant references.
- 5) For information on courses that are not available for this academic year, refer to the Class Timetable and other relevant documents.

Notices for Transfer Students

The information provided in this section is applicable to
transfer students only.

Notices for Transfer Students

1. Course Term and Period of Attendance at Meikai University

The course term is defined as the period required to complete the curriculum designated by Meikai University, which is two years (four semesters) in total. The period of attendance is defined as the period for which a student is allowed to remain enrolled in Meikai University, which is up to four years (eight semesters) in total.

2. Two-Year Study Plan

Transfer students who enroll as 3rd year students have to carefully make a two-year study plan according to one's own interests. Transfer students have to understand the course registration system as well as the credit recognition system and the requirements for graduation.

3. Credit Recognition

The credits which were earned at other universities can be recognized as those earned at Meikai university irrespective of the field you studied. In this case, sixty-two credits can be recognized.

4. Requirements for Graduation

Transfer students, enrolled as 3rd year students, who have been enrolled for at least two years (four semesters) in total and have earned the number of credits required for graduation specified in the university rules will be certified for graduation.

The number of credits (minimum) required for graduation is as follows:

Course segment		Credits required for graduation	Credits recognized at the enrollment		Credits to be earned after the enrollment	
Courses common to all students		32	32		—	
Specialized courses	Mandatory	72	12	18	60	△14 (Flexible recognition)
